Combined Training consists of three phases:

Phase 1 - Dressage (time given)

Phase 2 - Approx 15min after dressage (time will be given)

Show Jumping phase following straight on into phase 3

Phase 3 - XC fences / Working Hunter fences (in same arena as show jumps)

Entries will close one week before competition, Dressage times available on the Tuesday morning before competition 10.30 am- 11.30.am will also be on website/Facebook.

Late entries will be taken if places available at £1 extra.

Format of Events:

Competitors compete in dressage section first, the score from the Dressage is converted into penalties, which are then carried forward to SJ and XC phase. Competitors will compete a Show Jumping course with penalties being added for knock downs and refusals. In the XC phase which is in the same arena, penalties are added in the same way. There will be an optimum time with penalties for going too fast as well as for going too slow. This is to ensure that the emphasis is not on time but more on jumping faults.

Competitors may wear jackets or cross country colours for the jumping phase.
